## Industry Forums - Call for Presentations

The ICCVE 2013 will hold Industry Forums designed to facilitate broad discussions on various aspects of Connected Vehicles. Presentations about technologies, practices, markets, policy, and social implications are all welcome. If you are interested in speaking at the ICCVE 2013 Industry Forums, please submit a simple proposal. Based on the submitted proposals, we will schedule forum sessions consisting of presentations and panel discussions. Each presentation will be 20-30 min, depending on how full the agenda of a session would be.

**Simple submission.** Too busy to write a detailed proposal? Don't worry. At this stage, you only need to send us a simple email as your proposal. Just include the following items in the plain-text proposal:

- Title for the presentation;
- An abstract of the presentation (no more than 200 words);
- Name, affiliation, and email address of the speaker;
- A short biography of the speaker.

**No copyright transfer.** You keep the copyright of your presentation, so you can feel free to reuse it in part or in whole for other occasions.

**Do not take the "Industry Forums" too literally.** You are not an industry person? It doesn't matter at all. Speakers from academia, industry and government are all welcome.

Proposal Submission Deadline: **Sep 30, 2013**  
 Notification of Acceptance: **10 working days after your submission**
